MEMORANDUM FOR [REDACTED]

25X1C

SUBJECT: Report of [REDACTED]
25X1C

1. This office has found the subject report particularly useful, and we are grateful that it was made available to us so promptly. It provides a view of certain conditions and problems in North Vietnam that is seldom obtained with such clarity from other reporting.

2. The most interesting and useful parts of the report include the sections on ammunition and armament, motor transport problems, civil defense and civilian casualties, and the problems of engineering support for operations within North Vietnam. Some of the statistics given [REDACTED]

25X1C

[REDACTED] do not stand up under close scrutiny.

25X1C

Other data are quite reasonable and tend to support our estimates. With a few exceptions, the report as a whole generally supports our understanding of conditions and problems in North Vietnam.
